Turning the Page

PARADISE VALLEY ESTATES IS A VERY SPECIAL PLACE, with a strong sense of community combined with a special bond among many of our residents who are retired military officers and their spouses. Since opening 20 years ago, PVE has transformed and improved in many ways. We opened Quail Creek, the assisted living facility, and made updates and renovations to Laurel Creek and the Café. Additions of a dog park and a bocce court were well received by our residents.

The new parking garage and our memory care unit named Deer Creek were recently completed projects. During my three years as a member of the Northern California Retired Officers Community Board of Directors, it has been a gratifying experience watching the community grow and develop into what it is today.

It is my distinct honor to succeed Colonel Cecil F. “Bud” Ross, USAF, Ret., as Board Chair as he retires from yet another position of responsibility after 11 years as a board member.

Even bigger and more exciting changes are on the horizon for PVE, and I look forward to being part of the next phase of that positive transformation.

Sincerely,
